## City Studies Three Moves Of Annexing

Three annexation thrusts to the north will be the subject of public hearings before the City Council Tuesday evening.

One of the proposed annexations of a strip of business property along Crenshaw Blvd., north of Manhattan Beach Blvd. is opposed in letters signed by owners of eight parcels in the strip.

No written protests have been received to the other two moves, one of which would take in county-owned Alondra Park. These two are designed to put Torrance in position to attempt to annex a large inhabited area north of the park and El Camino College.

Torrance is competing against Lawndale and Gardena for the area. The latter city received a set-back in its campaign when

## NEW BUS STATION IS READY

Torrance's new and modern bus station will open next Thursday, Jan. 21, reports the director of the Municipal Bus Lines, Marshall Chamberlain. The station, located at the corner of Cabrillo and El Prado, will have a sheltered waiting room, wash rooms, and a public seating area in order to accommodate transfer and connecting lines with a minimum of delay.

The Downtown Retail Merchants division of the Chamber of Commerce has been actively campaigning for the station. The merchants expressed their appreciation through Abe Robinson of Lawson's Jewelers. "We are celebrating this event by giving away free balloons at the ceremonies, and we welcome all to attend and partake of the ceremonies."

Councilman J. A. Beasley, chairman of the transportation committee, Mayor Albert Isen, and other Torrance civic leaders will be on hand for the 10 a.m. ribbon cutting which will officially open the much needed station.

## WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

One of Disneyland's most spectacular attractions is the Circarama tour of "America the Beautiful." For you're encircled by 11 screens as this unique movie takes you to Times Square at night, a New England village, the Grand Canyon and many other parts of our land. The effect is breathtaking... just like being in these places yourself. And it's free, too—part of an exhibit sponsored by Pacific Telephone and the Bell Telephone System. If you visit Disneyland this summer, be sure you see Circarama, I know you'll enjoy it.

### SALUTE TO THE CONVENTION

This was the week when the Southland came of age on the national political scene. Since Monday, the eyes of the nation have watched the television cameras roam through the new Memorial Sports Arena, catching the color, glamour, and drama of choosing a potential president of the United States. Hundreds of nationally prominent personages have descended en masse on Southern California and presumably all spread word of its glories to the distant corners of the country. Add to these the many hundred newspapermen and boardcasters, who, it is hoped, are disseminating the good news even more widely and certainly more quickly. Then there are the thousands of more humble visitors, here to take in a session or two of the convention, bask in the sunshine, and inspect the more noted Southland beauty spots. After the Democratic whirl, the action—reluctantly, and we hope—will shift eastward to Chicago where the Republicans take the stage on July 29. Certainly, hosting for the first time a portion of the preliminaries to the big November decision has been a great honor for this area. We at Pacific Telephone are proud to have played a major role in the communications phase.

Summertime. That's the time folks spend plenty of hours outdoors. And here's an idea we've come up with that can add a lot to your outdoor living. It's a portable phone that can move outdoors with you. We put in jacks for it near your garden, patio or pool so you can plug it in wherever you go. Think of the steps it can save! If you'd like more information about this handy portable phone, just give us a call.
